

## APC LATE MODEL SERIES Rules:

### 2023 Rule update:

Effective for the 2023 APC Late Model Series race season, rule 18.3 (Ignition System/Electrical) will be revised. For the 2023 APC Late Model Series, the MSD ignition boxes will no longer be permitted.

The new JMS-Daytona Sensors – CD-1 Super Speedway Ignition System – 6000-6701K is now approved for the 2022 & beyond race seasons

Please see below for the list of approved ignition boxes for the 2023 race season.

### **ATTENTION APC LATE MODEL TEAMS:**
