

Super Stock Race Day Procedures

Sauble Speedway Race event:

Attention all Super Stock teams:

- All Super Stock cars must pass tech inspection prior to going out for first practice session.
- Qualifying – groups of five – 3 laps. Groups will be determined by practice times.
- Cars may be required to go through tech inspection & have weights checked after qualifying
- Cars will NOT be impounded prior to race.
- POST – RACE: All cars must meet all weight rules AFTER race. Top 5 to tech for inspection.
